

**ATTENTION: Taxpayer of Sales, Sellers Use, and/or Consumers
Use Taxes to Montgomery County, Alabama
RE: Taxpayer ID# 0000476 - "IMPORTANT NOTICE MARCH 17,
2016 CONCERNING ONLINE FILING AND PAYMENT FOR
MONTGOMERY COUNTY ALABAMA"**

As of **April 1, 2016**, taxpayers with bank accounts that currently utilize a debit block, which requires an Originating ID ("Debit Block Code") to be approved for ACH debits, will need to provide to their bank or financial institution a new Originating ID. This change is required as a result of the Department of Revenue's ONE SPOT payment processor changing banks. In order to avoid any interruption in processing your payments, please add the new Originating ID **"2621862182" before April 1, 2016**. To prevent current payments from failing, it is important that you do not remove the current Originating IDs prior to April 1, 2016. Please also note that all failed (returned) online payments are subject to late payment penalties, interest and all other applicable fees.

This notice is in addition to any prior notice you may have received from the Alabama Department of Revenue and/or any other Local Taxing Jurisdiction .Please contact our office by email at **TAXAUDIT@mc-ala.org** or by phone at **(334) 832-1697** upon receipt of this notice to resolve any questions related to this change. Thank you in advance for your prompt attention in this matter. Your cooperation to ensure that this change is made **prior to April 1, 2016** is requested and appreciated and to ensure that your business will incur no failed payment penalties and fees due to this change.
